

Private Equity

Private Equity Funds pitch profile

Our service covers:

- Project management
- Fund structuring
- Tax structuring
- Fund investment
- Regulatory and financial services
- Asset classes/issues
- Investor protection
- Secondary transactions
- Restructuring and spinouts

How we can help

Strong track record in acting for numerous industry players

Our experience working with financial sponsors, lenders, investors and fund managers enables us to anticipate deal challenges and deliver solutions that maximize transaction value. We bring to bear specialized industry knowledge to help you optimize investments in a broad range of asset classes, from private equity, carbon credits and renewable energy to real estate and distressed assets.

One-stop, multidisciplinary practice that serves diverse needs

Benefit from clear, commercially oriented, cross-border advice and a proactive approach that identifies and resolves issues at an early stage. Locally admitted and trained lawyers with knowledge of market deal terms and customs, relevant legal expertise and business contacts help you address intersecting legal, tax, corporate and financial issues so you can facilitate smooth transactions.

Tools and insights to help you adapt to challenging market conditions

Understand the practical implications of funds reforms and market trends with guidance from our globally experienced team. We regularly provide client alerts on topical issues and maintain a dedicated global private funds reforms site to help you stay on top of key trends and developments around the world.

Global Private Equity pitch profile

- Management equity participation
- Portfolio companies
- Restructuring and refinancing
- Distressed debt
- Exit planning
- SWF investing

How we can help

Cost-efficient and client-focused transaction execution

Merging with your deal execution team allows us to closely oversee due diligence and participate in management meetings and goal-setting discussions. You benefit from highly specialized capability from corporate, finance and industry advisers who have acted for many market-leading players, as well as comprehensive support from our global tax, finance, competition and compliance practices — eliminating the need to deal with multiple firms.

Experience and innovation

Our seasoned practitioners bring an innovative, solution-centered approach to financing and executing acquisitions, fund raising and exit planning. We have worked with some of the most prominent investment funds, sovereign wealth funds, pension funds as well as portfolio companies in a variety of deal contexts across the globe and can anticipate changing concerns, expectations and priorities of deal parties.

Seamless transaction management across more than 40 countries

Capture investment opportunities wherever they emerge with advisers who are uniquely positioned to act for you in numerous locations. We bring to bear strong money-center deal experience and in-depth knowledge of market trends and industry regulations to help you address all structuring and regulatory issues with ease.
